REIGNITE Your Passions

Where to Begin?

We all lose our spark at times, it's only natural. When we're feeling deflated and uninspired, taking time out to reignite our inner flame is a must. It's important to ask yourself : **What fuels your fire?**

What did you lose time doing as a kid?

Did you spend hours playing outside, reading a book, playing games, talking with friends, building things, making forts, etc.? This is often a *key to your passion*, whether it be for a hobby, for a career, or just to bring joy into your life.

Keep it simple, don't overwhelm yourself with finding the answers, especially after what we have all been experiencing the past few years.

➤ TAKE IT ONE DAY AT A TIME, ONE JOURNAL ENTRY AT A TIME, OR ONE ACTIVITY AT A TIME.

Ask yourself, "*what makes me smile?*" There is no wrong answer – it's all about what is right for you so you can become centered & be able to be there for those you love. As they always say, you have to put your oxygen mask on first on a plane even before you put it on others. This is not about being selfish, just awareness of your needs.

In addition to self reflection, look at how you are interacting with others. What can you adjust to make those encounters better & more enjoyable for all involved? It's amazing how you can fuel your passion by being in service to others.

What does this have to do with health?

After our team's recent visit to the Natural Products Expo – one of the LARGEST TRENDS we are seeing in products, services & messaging is "*How can we better support emotional wellness?*"

BUT 1st

You have to get the clutter out of the way both mentally and physically – so in the spirit of **spring detoxing**, we have highlighted some simple solutions in this newsletter to help get started..

More Mental Health Tips: ➤

- Be Creative! Reconnect with your inner child
- Focus on important relationships & make quality time
- Be aware of negative thoughts, acknowledge & let go
- Incorporate more positive thinking - affirmations or redirect of thought
- Spend some alone time & connect with your inner voice

ROASTED CAULIFLOWER DETOX BOWL WITH TAHINI SAUCE

INGREDIENTS

BOWLS

- 3 Large Kale Leaves
- 1 clove garlic
- 1/2 cup (85g) Quinoa (dry weight)
- 1/4 Red Cabbage
- 1 Avocado
- 1/2 a Large Cauliflower
- 1 tsp olive oil
- 1/4 tsp Ground Cumin
- Cress

TAHINI SAUCE

- 1 head garlic (roasted)
- 1/2 cup (75g) Raw Cashews (soaked overnight in water)
- 2 tbsp Tahini
- 4-6 tbsp Water (or more, as needed)
- 1/4-1/2 tsp Kosher Salt

INSTRUCTIONS

1. Preheat the oven to 200°C. Chop the cauliflower into florets and toss with the olive oil and ground cumin. Roast for 20-25 minutes until golden.
2. To make the sauce, add all ingredients except the water and salt to a food processor. While blending, drizzle in the water a little at a time until the sauce starts to become smooth. Continue processing, scraping down the sides or adding additional water as needed, until the sauce is as smooth as your food processor can make it. Add salt to taste.
3. Boil the quinoa in a saucepan for 10 minutes then drain and set aside. Meanwhile, chop the kale and red cabbage into thin strips and saute in a frying pan with the minced garlic clove over a medium heat until wilted. Add in the quinoa and toss so everything is mixed together.
4. Place some of the kale mixture in the bottom of a bowl and top with sliced avocado, some of the roasted cauliflower, a drizzle of the tahini sauce and if desired, sprinkle some cress on the top.

WHAT ARE ADAPTOGENS?

If you have had your finger on the pulse of the natural foods world recently, you have likely heard the term "adaptogen" tossed around in describing certain health food products. But what is an adaptogen, really, and how do they assist us in leading healthier lifestyles?

A REJUVENATING EFFECT

There is no official definition for the plants designated as "adaptogens," but they are commonly accepted as being teas, tinctures, powders, or capsules that have a rejuvenating effect on the body. They are valuable gifts from nature's pharmacy that have been shown to increase our body's ability to mitigate the damaging effects of stress by replenishing hormones and enhancing the immune system—two areas of increasing concern in our stressful modern world.

Although they are increasingly popular in the United States, these herbal heroes are nothing new to many people in places such as India, where herbs like Tulsi and Ashwagandha have been commonly used for centuries for their beneficial effects.

Here at Greenacres Market we are proud to offer the finest quality adaptogenic supplements with a knowledgeable team ready to help you achieve your lifestyle and health goals. Stop by and take a look at our expansive inventory of adaptogens like:

The Power of LEMON WATER

If you google "how to detox the body" you will find a million options and programs. You might also hear things like "why do I need to detox, doesn't my body do it for me". In a perfect world, yes, your liver is the workhorse detoxing organ of the body to filter out all toxins & the kidney is a close second as it flushes out water soluble toxins & even your skin helps remove toxins by sweating. Unfortunately, in our daily environment, we are exposed to more toxins than all of our organs can easily keep up with eliminating. So they get stored in the body & reduce optimal functioning.

One easy solution is making sure you drink enough water Every. Single. Day. Adding lemon to your water (cold or hot) helps flush the liver & keep it from getting sluggish. Drinking lemon water regularly decreases acidity in your body and removes uric acid from joints. It enhances enzyme function, stimulating your liver and activating bile flow, which helps emulsify and flush out fat soluble toxins.

To keep it fun, here are our top suggestions for ingredients to add to your lemon water every day:

• Cayenne • Mint • Turmeric • Ginger • Chlorophyll

Herbal blends for detoxing all organs offered at Green Acres!

SIMPLE SPRING *Detox Teas*

Cooling and refreshing, herbal teas warm or iced can be exactly what your body needs as it awakens for spring. In addition to lemon water & herbal tinctures, utilizing natural teas to focus on detoxing all organs of the body not only give you a variety of flavors, but additional options to rebuild energy, calm your nervous system and cleanse your body.

Benefits of Tea

Detoxes all organs

Rebuilds energy

Calms nervous system

Cleanses your body

Stimulates circulation

Strengthens immunity

HERE IS A LIST OF THE AMAZING DETOX TEAS AVAILABLE.

GREEN TEA
OOLONG TEA
WHITE TEA
PU-ERH TEA
KOMBUCHA TEA
ROOIBOS

GINGER
MASALA CHAI SPICES
PEPPERMINT
CHAMOMILE
CHRYSANTHEMUM
BLOSSOMS

ORANGE PEEL
ROSEHIPS
PARSLEY
LEMONGRASS
RED CLOVER

HOW TO CHOOSE YOUR TEA

You will find many herbal blend options combining many of the above. Experiment til you find the flavor profile you like. Enjoying your tea is an important part of the "detox" process!

Finally, we often get asked - how do I know what green tea to pick? Try a few & see what you like. They typically vary on where they are sourced, concentration of flavor & nutrients (i.e. If you want extra vitamin C in your tea, opt for deep green Japanese green teas). Also, matcha is 100% green tea - it's just more concentrated in a powder form (so you need less per serving), where green teas are traditionally offered as leaves. All forms of green tea have some caffeine which is good for stimulating circulation & also they are a strong source of valuable antioxidants to keep your immune system strong.

BEAUTY TREND: Rosehip Oil for the Skin

An exploding new trend in skin care is using rosehip oil. Sources show that rosehips are actually the fruit of a rosebush. When roses die and are left on the bush, they leave behind bright reddish-orange, spherical fruit. The tiny edible fruits are thought to pack a powerful medicinal punch. Rosehip oil has actually been widely used in Australia for skin care for many years. Now it's going global!

BENEFITS:

- Deep hydration for the skin
- Helps exfoliate and brightens skin
- Helps boost collagen formation
- Helps reduce inflammation
- Helps protect against sun damage
- Helps reduce hyperpigmentation.

Studies have actually shown rosehips are a great source of lycopene, an antioxidant that helps protect the skin from skin-damaging free radicals. So many consider it a strong anti-aging solution.

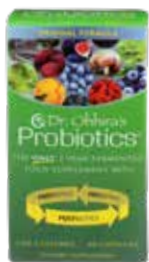

A concern we hear is, how can you use oil on oily skin. The skin actually absorbs rosehip oil quickly, which means that it is unlikely to clog pores. This makes it an ideal cleansing oil for people with oily or acne prone skin. Additionally, rosehip oil contains compounds called retinoids, which may help reduce the appearance of acne.

Visit our Health & Beauty Department today to see our exciting new rosehip skin care selections!

MULTI COLLAGEN PROTEIN

Who Needs a Collagen Supplement?

- Ancient Nutrition Multi Collagen Protein was created for the millions of people:
- Who are frustrated with joint discomfort and knee stiffness.
- Who want to improve the appearance of their skin.
- Who want healthy hair and strong nails.
- Ancient Nutrition Multi Collagen is for people who want to feel their best — inside and out!

What's the common thread between all those qualities?

Your joints, hair and skin are all made up mainly of collagen.

Collagen explained:

- Collagen is the most abundant protein in the body.
- It gives our skin strength and elasticity.
- It makes up hair and nails.
- It cushions our joints
- It builds up our gut lining.
- It's essential to feeling and looking your best... But the natural production of collagen begins to decline around age 25.

And most people aren't replacing that collagen through diet alone.

That's why a high-quality collagen supplement like Multi Collagen Protein can help. Each serving brings you ten types of collagen from four real food sources to provide a broad spectrum of benefits, from your hair, skin and nails to your joints and gut. Plus, it's enhanced with clinically studied ingredients like Vitamin C and probiotics to help support your healthy immune system and digestion.

You'll feel the results from Multi Collagen Protein from head to toe...

- Provides support for your healthy hair, skin, nails, joints, and gut
- Promotes healthy hair thickness and growth, reduces hair breakage
- Improves the appearance of crow's feet after 4 weeks
- Reduces collagen degradation with noticeable results
- Reduces joint discomfort and helps joints recover faster
- Reduces knee stiffness at 7 days

Multi Collagen Protein comes in an unflavored pure option (perfect for mixing into your morning coffee), or classics like Chocolate, Vanilla, Strawberry Lemonade and more. You can bake with it, mix it into oatmeal, add it to a smoothie or just mix it with water.

Don't miss out on this incredible collagen protein on special price at GreenAcres Market. Ask one of our educated supplement helpers for more information!
